1968-1969 Trailways  
New Student Handbook  
of the  
University of Minnesota, Duluth

## *Whats in this for Me?*

If you are like the average college student upon receiving this booklet, you are about to throw it away. Before you do, however, I suggest you let me explain our title question of what exactly is in here for you.

This handbook is what amounts to the 25¢ UMD "in a nut shell" tour. It is basically a poor man's guide to UMD in 50,000,000 words more or less. In this unabridged book of knowledge you will find a treasure house of interesting data pertaining to student affairs, pearls of wisdom to guide you in your dark hours, and assorted selected bits of trivia designed to answer any and all questions which may arise.

So if you will be kind enough to read on, you may to your surprise learn the answers to the many questions which may or may not have been bothering you. . . . .

## *Greetings from the Provost*

A University is made up of people and ideas. Your contact with them, whether through books, lectures or discussions, in class or out of class, is basic in higher education. Through reading and study, critical thinking and give-and-take discussion with faculty members and fellow students, you will expand your knowledge, develop your thinking and refine your judgment.

When you need advice and counsel, there are many persons waiting to help you. I urge you to become well acquainted with your adviser and other members of the faculty. We of the faculty and staff want to help you.

As a UMD student you will play an important part in shaping the course of a growing institution. With your opportunity to study at UMD comes an equal responsibility to make it a better institution. We invite your interest and your help in developing the kind of University that will best serve its students.

I wish for you an enjoyable, profitable college career.

R.W. Darland  
Provost

## *and the Academic Dean*

We are very glad to have you join our student body. We know that upon completion of your studies here you will join the ranks of our many alumni who return so generously to the people of Minnesota the investment made in their education.

You will find many opportunities at UMD for making lasting and faithful friends. Friends with books, friends with ideas, friends with people.

Making a success of this University experience will demand hard work. One very important measure of your success will be scholastic achievement measured by the grades you receive. Your continuance as a member of the student body will depend primarily upon this measure so it is indeed important.

I would like to urge you also to take full advantage of the many learning opportunities outside of the classroom in student organizations, student publications, dramatics, and many other activities. Through these you may develop particular skills, enlarge your experience in working with others and acquire leadership abilities.

Be assured that UMD is dedicated toward making your collegiate experience a success if you will only give you best effort and seek out assistance when it is needed.

T.W. Chamberlin  
Academic Dean

*Your University*

## HISTORY

Historically speaking, the University of Minnesota, Duluth is a young institution with a long history. Founded in 1851, when the Legislative Assembly of the Territory of Minnesota established its charter, the University of Minnesota, Duluth has made steady progress towards what is today one of the best and fastest growing Universities in the Midwest.

The Duluth State Normal School of 1902 evolved into the Duluth State Teacher's College and eventually in July 1947 became a part of the University of Minnesota. A coordinate college of the University, UMD, today, offers three undergraduate degrees: the Bachelor of Science, Bachelor of Arts, and Associate in Arts. It also offers the Master of Arts and Master of Science degrees through the University Graduate Schools. We draw strength from the ten presidents of the University, including Malcolm Moos, its present administrator; the three presidents of the Teacher's College; and the two provosts who preceded Provost Raymond W. Darland.

As a result of a 150-mile separation from the Minneapolis and St. Paul campuses, the UMD Provost has some responsibilities not usual to the deans of colleges on other campuses. He must assume responsibility not only for the instructional program, but for the physical plant operation as well. The University of Minnesota, Duluth, is indeed an institution of the present, with a heritage of success, and a future of progress.

## TRADITIONS

### CAP AND GOWN DAY

Cap and Gown Day was so named, in 1922 in Minneapolis, because on that day graduating seniors were given their academic roles for the first time at a convocation honoring those of high scholastic attainment. This tradition has been carried over on the Duluth campus.

### THE SEAL

The seal has this story to tell: the antique lamp represents the metaphysical sciences; the telescope, the physical sciences; the plough, the industrial arts; and the pallet with brushes, the fine arts.

The original design by the Reverend George Leonard Chase, Warden of the Seabury Divinity School, had minor changes made in 1939, but the basic symbols remained the same in the process of "modernizing." The inscription "University of Minnesota" was changed to "Regents of the University of Minnesota" and was adopted May 9, 1939. On March 8, 1940, the Regents voted to approve a color arrangement of old gold and maroon on the seal. The official copies of the color design are kept in the University archives. Only official papers have the seal affixed today as opposed to all letters in the Folwell era.

## THE CAULDRON FUND

The "Cauldron Fund" had its beginning in 1938 in Minneapolis. Seniors on Cap and Gown Day placed money into a cauldron to establish a class fund. The money was to be used as a reunion fund five years later and to publish a class directory each five years hence. Seventy percent of the money remaining after 1943 was to be given to the Minnesota Foundation as a scholarship fund. Most recently the monies have been used to purchase a senior class gift for the University.

## ORGANIZATION

Created by the legislature to govern the University, the Board of Regents is a non-partisan, non-paid agency designed to establish policy and supervise activities. Here at UMD many of these responsibilities have been delegated to the Provost and faculty.

To the faculty has been given the power of the determination of educational policy. On the larger University level, the faculty is organized into a Senate composed of committees and sub-committees to study, recommend and implement educational policy, while here at UMD, a similar faculty organization develops the educational program. The UMD faculty also is represented on the faculty Senate of the total University.

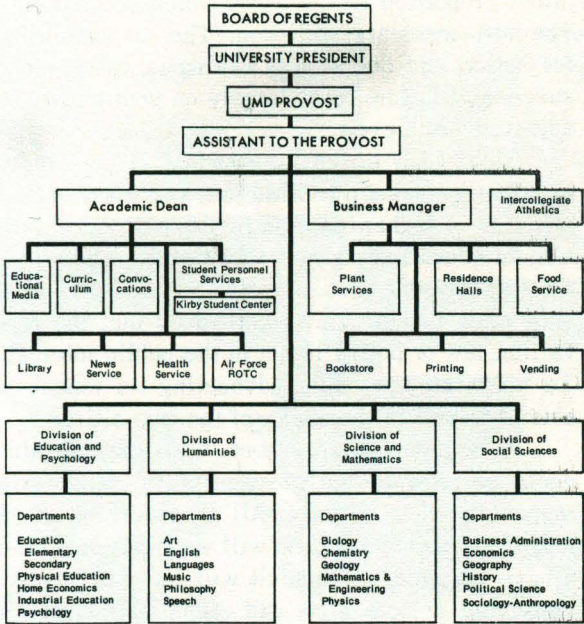

Like any large organization, much of UMD's work is done through committees. In keeping with the progressive spirit of a modern institution UMD has applied the community concept of a democratic representation in University government

and policy. The student-faculty committees demonstrate this concept in action, where the interests of students are self-evident and their talents can best be utilized. The work of these committees largely determines the nature and quality of the academic and community program.

## UMD—UNIVERSITY ADMINISTRATIVE STRUCTURE

UMD's administrative relationships to the general University can be shown in this chart:

## YOU AS A CITIZEN

Accepting the privileges of University citizenship you also accept certain responsibilities. As an individual member of the student body you are someone special. You will find that you are considered essentially an ADULT- legal standards notwithstanding. You will be expected to do required things, of course. But even more, we hope you will find satisfaction in doing more than is required. Whether in class, community, or University affairs we hope you will help to contribute to make UMD a better place.

You will find that you will receive returns in direct proportion to the effort which you put out. The initiative rests with you. The responsibility for action and decision making is yours. Your success or failure rests largely on your ability to adjust and achieve.

While UMD seeks no standard of conformity in citizenship, keep in mind that you are in an institution of higher learning for the purpose of getting an education and act accordingly. There is a right of dissent that may rise to the level of a duty when the citizen is convinced that the prevailing law or policy is not in the public interest. To obey the law while advocating its repeal or change is one of the marks of the true citizen.

As student citizens then, UMD expects students to grow in the assumption of citizenship responsibilities as they will in acquiring knowledge, and that graduation will mean not only that a more knowledgeable adult will be added to society, but a more alert and effective citizen.

# About Academics

## **GENERAL EDUCATION**

The student's academic affairs should form the core of his university life and lead to the foundation of his life's work. Besides developing skills and understanding in one's major field, each student is required to gain a general education that involves studying in varied areas of study. This is to enhance oneself as an individual, and develop skills of being a citizen, parent, and an appreciator of the arts. Requirements have been formulated by the faculty, but their range is wide enough to enable each individual to choose those courses that seem of most personal value. The major portion of this requirement for graduates should be completed by the end of the sophomore year to enable the student to concentrate in his major field of study.

## **CREDITS**

Each course is designated a certain number of credits that is based upon the total amount of class work involved and classroom hours. Usually each classroom hour per week accounts for one credit, although labs and some special courses do not follow this rule.

To graduate with a B.A. degree, 180 credits are required, which requires an average load of 15 credits per quarter. A B.S. degree, which is a teaching degree, requires 196 credits to graduate, or an average of 16 credits per quarter.

## **GRADES**

Like other schools, the University of Minnesota has adopted a system of grades for evaluat-

ing the progress of its students. Grades are in the A-B-C-D-F system with each grade carrying a numerical designation as follows:

Grade	Points per credit
A	4
B	3
C	2
D	1
F	0

There are other grades such as I, W, X, V. These grades are explained in the UMD Bulletin and on the grade slips that you receive after each quarter.

The University has a second criterion for the evaluation of a student's progress; this is the Grade Point Average or G.P.A. The G.P.A. is computed by dividing the total number of grade points (that is the points per credit times the number of credits) by the total number of credits. For example:

	Credits	Grades	Grade Points
English 1	3	B	9
Art 4	3	C	6
Math 14	5	F	0
Physical Ed.	1	B	3
Pol. Sci. 1	<u>3</u>	<u>A</u>	<u>12</u>
Total	15		30

$$\text{GPA} = \frac{30}{15} = 2.00$$

The above student has a 2.00 GPA. A 2.00 GPA in all your classes is the minimum requirement

necessary for graduation and the reception of a degree. The GPA is also the determiner of those students who are placed on the Dean's List. Students must have a GPA of at least 3.25 to be placed on this list.

A new addition to the system of grading was introduced last year; this concerned the P-N symbolism, P which represents pass, and N which represents no-credit. Certain courses are designated P-N courses at registration. One may choose to take these courses either by the regular system or by P-N, but this must be done at registration. A maximum number of P-N courses can apply towards graduation and may apply towards general education requirements. Credit is then received for P courses but are not calculated in the GPA. For additional information consult your advisor.

## **TESTS**

Grades are determined by academic achievement on tests. Each individual instructor develops his own policy; for example: some give weekly quizzes, while others give only a midterm and a final. Still others give periodic tests during the year. Questions on tests vary from multiple choice, essay and true-false objectivity. No set policy is followed nor is one required; this is determined by each individual professor.

There are a few tests administered that are not interrelated with grades. The first is a placement test that is given to determine which course of a sequence a student should be placed according to his earlier training. The second is a pro-

iciency test. The most popular proficiency test at UMD is the English Proficiency Test. This test is required to be passed before graduation and is thought to display one's command of grammar and construction.

## **CLASSROOM REGULATIONS**

Grades in some courses are also dependent upon class attendance. Standards of class attendance are determined by each instructor subject to the regulations of his department or division. Excuses for absence from class for reasons such as illness does not reduce work required for a course. Official excuses may be obtained from the Director of the Office of Student Personnel Services for approved curricular or non-curricular projects. One is permitted to make up work missed at that time but should consult the teacher for the procedure to be followed.

Also related to grades and class standards, complete honesty in class work preparation and the taking of examinations is expected. If dishonesty is discovered, those persons involved will be dealt with through the Student Behavior Committee.

## **HONORS PROGRAM**

An honors program has been established at UMD for students that maintain above average grades. This program has been developed in two areas; the first is for underclassmen who are chosen by a committee and are invited to attend the class. Course work involves the completion of

two papers of a varied number of topics, and attendance at a two-hour class session that is taught by a different instructor each week. The grade for this course follows the P-N system.

The other honors program pertains to the major areas of seniors. Seniors who have maintained above average work in their major field of study are invited to participate in this program.

## **REGISTRATION MATTERS**

Before classes begin each quarter, students are required to register for classes. Usually this is in the seventh week of the previous quarter.

Before registration day each student is required to pick up his registration material at the Records Office and make an appointment with his advisor to plan his schedule and obtain his advisor's signature. The registration packet includes: an insurance form, a course registration card that is stamped with the time that the student will register, and a fee statement. These are all brought to the gym on registration day. In addition each student receives two IBM cards for each course from the department, one of which is turned in at the fee statement line while the other is kept until the first day of class and turned in to your professor. The cards should be arranged in the order that they appear on your program card to hasten the process.

If he decides after registration that he wants to change from one course to another, he must process a cancel-add form, this can be done only after the quarter has begun. These forms are

available at the Records Office. Your advisor's and the instructors signatures are required, plus the cards for the added courses which are obtained in the respective division offices. These are returned to the Records Office to complete the process.

If one decides to cancel-add through the sixth week, he only has to follow the above procedure. After this the student must complete a petition to the Scholastic Committee requesting this change. Approval to overload (take more than 17 credits) is required.

## **TUITION**

Public education is over at the high school level; therefore, each student must pay for attending the University. The majority of your expenses contribute toward faculty, administrative, and operational costs; but, one must also pay an incidental fee that supports many extracurricular activities and organizations of UMD. Each student is also required to have hospital coverage, either through the University plan or through your own policy that has been approved by the University.

## **BULLETINS**

A number of bulletins are published by the University and UMD to provide information useful to students and staff members. Of most importance to students are the following:

UMD GENERAL INFORMATION AND ANNOUNCEMENT OF COURSES BULLETIN

This official bulletin, available in the News Service Office, the Office of Admissions, and the Office of Records, gives an overview of the Duluth campus as a whole. It contains information about admissions, academic requirements relating to the various degree programs and majors, and a listing of all courses offered.

#### COLLEGE BULLETINS

Bulletins for other schools or colleges of the University are available for inspection in the office of admissions. Personal copies may be obtained in the UMD News Service office, or by writing to the Bulletin and Service Bureau, 239 Administration Building, University of Minnesota, Minneapolis, Minnesota 55455.

#### SUMMER SESSION BULLETIN

Each spring a bulletin describing UMD summer offerings is published and distributed through the offices of the News Service and Student Personnel Services.

#### CLASS SCHEDULES

The class schedule bulletin is published before registration each fall. This bulletin lists the classes to be offered in a quarter, names the instructors and gives the times and places of meeting for each class. Also included are registration instructions, a calendar of holidays and important University activities.

#### DULUTH CAMPUS ADDRESS BOOK

The address Book gives the school address, telephone number and hometown of all students; the working address and telephone number, the

home address and telephone number, and title of all faculty and staff employed at the Duluth campus. It also includes a directory of departments and all recognized student organizations. It is published each fall quarter and is distributed to all students and staff.

#### WEEKLY BULLETINS

Official notices are published weekly in the UMD Statesman. All students are responsible for reading the bulletin included in each issue.

# *Student Services*

With the exception of the Library and the Offices of Admissions and Records, the areas of specialized assistance described herein are of relatively recent origin in universities. The libraries of universities have long been central to its purpose and the need to screen applicants and record their progress has similarly long been inherent in the very nature of higher education. Specialized services in the areas of counseling, placement, loans and scholarships, foreign students, housing, student activities, student center, reading and study skids, speech and hearing, and health have grown with the increasing size and complexity of the job of higher education. They have proven their value and are now an accepted part of the pattern of higher education in this country.

Your faculty adviser and the major disciplines of study are still the heart of the process of higher education. The services outlined are designed to maximize your achievement in the central endeavor of a university to develop you into a more highly educated and effective person for your personal gain and the benefit of society.

C.W. Wood, Director  
Student Personnel Services

## **OFFICE OF THE DIRECTOR—125 KIRBY STUDENT CENTER**

The Director, in addition to the general supervision and development of the Personnel Services, co-ordinates the scholarship program, serves on several standing and special committees and teaches graduate courses in education.

## **OFFICE OF THE ASSOCIATE DIRECTOR— 113 LIBRARY**

The Associate Director assists the Director in the general administration of the office and co-ordination of the various student services, including student religious organization activities.

## **OFFICE OF RECORDS AND REGISTRATION— 130 KIRBY STUDENT CENTER**

The continuing relationship a student has with the University of Minnesota, Duluth is through this office. The Supervisor of Records co-ordinates the functions of registration, graduation, transcripts, cancel-add procedure, evaluations of previous work, and general statistics and records.

## **OFFICE OF ADMISSIONS—114 LIBRARY**

It is the direct responsibility of the Admissions Officer to act on all new applications for admissions to the University of Minnesota, Duluth. This includes freshmen, transfer students and adult specials. Questions relative to admission standards or transfer of credits from previous college work can be answered here. The secretary for the Scholastic Committee also functions out

of this office. Questions relating to probationary status or waiver of academic regulation should also be directed here.

## **COUNSELING AND ADVISEMENT—150 KIRBY STUDENT CENTER**

Upon admission to UMD every student is assigned a faculty advisor. With the assistance of his advisor he works out a suitable program of studies for each quarter. This advisor is available for help and suggestions in areas pertaining to the student's educational planning and college life in general. Because the advisor is the student's first and most consistent point of contact with the faculty and administration, he will normally be the first source of help for students having difficulty.

For the student needing further assistance in establishing his goals with relation to his abilities and interest, and for the student with personal problems requiring more time and attention than his advisor can provide, Student Personnel Services provides a counseling service. Students may consult with personnel of the counseling section for special help on any personal, financial, educational, social and other problems, or they may be referred to this office by their advisors or instructors. In conjunction with such counseling, a wide range of appropriate test is available as well as bulletins of information on admissions testing for professional or graduate schools. Results of tests taken previously are on file with the Counseling Office.

The head of the Counseling Office is also the co-ordinator of faculty advisement. A faculty committee on advisement meets regularly to consider problems and procedures in the advisement of students.

Changes of major and/or advisor and other matters dealing with advisement are handled in the Counseling Office. Students planning to leave UMD are routinely interviewed by a counselor as part of the termination procedure.

### **HOUSING-110 LIBRARY**

One of the first problems confronting new students from outside the Duluth area is housing. In this office a complete listing of approved housing is available. Every effort will be made to help students make the proper living and dining arrangements. While attending the University students under 21 years of age and unmarried must live in University approved housing. Students wishing to live in University residence halls should make applications here.

### **FINANCIAL AIDS-120 LIBRARY**

The co-ordinator of financial aids is responsible for the administration of a "package program" which includes National Defense Education Act loans and Educational Opportunity grants, sponsored loan funds, University loan funds, Regents' grants-in-aid, Federal Insured Student loans, part-time employment, the Work-Study Program and other opportunities for assistance in financing a University education. Each applicant is evaluated on the basis of individual merit and documented

need. Further information and assistance in planning the financial aspects of a college career may be secured in the Financial Aids Office.

## **STUDENT ACTIVITIES AND KIRBY STUDENT CENTER—120 KIRBY STUDENT CENTER**

Recognizing the importance of human relationships in the all-around growth of an individual, the University encourages activities which stimulate individual expression and development. The varied activities of student organizations and the facilities and programs of the Kirby Student Center are the major means by which the University structures experiences in human relations.

Student organizations, which cover a wide range of student interests, provide the major means through which students give expression to their talents and interests, develop skills of all kinds, and perfect their knowledge of the processes and principles by which democracy works. On the UMD campus there is a recognized student organization to meet nearly every student's needs. Students are encouraged to enter actively into organized student life and activities both for their personal value and for the unique contribution each student can make to the campus community.

Through membership on the committees responsible for the programs of the Kirby Student Center, a student may render service to his fellow students while also gaining personal skills. This center provides facilities and equipment for informal recreation and social activities ranging from snacking and conversing in the cafeteria to

listening to music over the stereophonic sound system or playing chess in the lounges. The information desk of the student center offers a wide variety of services to individual students including service as the major lost and found center. The staff responsible for co-ordinating organized student activities and the programs and facilities of the Kirby Student Center offers assistance to the individual student seeking membership and leadership opportunities in student life as well as aiding the officers and committees of recognized student organizations.

### **KIRBY STUDENT CENTER**

Hours: Monday-Thurs.—7:00 a.m. to 10:30 p.m.  
Friday —7:00 a.m. to 12:00 mid-  
night  
Saturday —8:30 a.m. to 12:00 mid-  
night  
Sunday —9:00 a.m. to 10:30 p.m.

(Watch for changes in hours for special events and holidays)

### **FACILITIES AND SERVICES**

Main lounge, Fine Arts Lounge, television lounge, private dining rooms, ballroom, meeting rooms, billiard room, organization offices and activity room coat check rooms, student personnel offices, games poster service, table tennis, information desk, public address system.

### **PLACEMENT-134 LIBRARY**

The Placement Office in Student Personnel Services is a centralized placement agency estab-

lished primarily for the purpose of assisting graduates of all departments in obtaining career positions. Full-time students planning to graduate from UMD with a B.A., B.S., M.A. or a teaching certificate are eligible for placement registration if they have been, or will be, in regular attendance for three (3) consecutive academic quarters or five (5) summer sessions. All graduates pay a \$10 placement records fee. Placement registration is required of all students completing the B.A., B.S., A.A. or teacher certification program.

Vocational counseling as well as consulting services relative to career choice, job opportunities, and occupational trends is provided. This function of the Placement Office is to assist the undergraduate student in planning his career.

### **STUDENT EMPLOYMENT-121 LIBRARY**

Students needing part-time employment while attending school should call at this office for assistance. Summer work opportunities are available in the city as well as within the University. It is difficult to help the student find part-time employment until after registration is completed and the schedule of class hours and free time is known.

### **FOREIGN STUDENT SERVICES-150 KIRBY STUDENT CENTER**

The Foreign Student Services Office provides assistance in entering the University and makes the necessary living, financial and social arrangements for students from other countries. The various certifications necessary for the United States government and other agencies are secured through this office.

## **FOOD SERVICES—220 KIRBY STUDENT CENTER**

Special coffee hours, banquets, picnics, teas and other catering arrangements may be arranged in advance at this office after space and calendar reservations are confirmed at Kirby Information Desk.

The cafeteria, which is operated by Food Services, provides students with a good selection of well prepared food at regular meal times. Whenever possible, students are employed to work in the cafeteria and are paid regular Civil Service rates for this work.

## **VENDING**

Vending machines, catering to nearly every student's need, are conveniently located at various locations on campus. Two concentrations of machines, to serve the snack and lunch needs of students, are located in the Ven-Den (Education 20) and in the Concourse. These locations provide seating so one may easily lunch and study.

Vending services are operated by the University. Refunds for malfunction of machines may be requested at 101 Kirby Student Center (Business Office.)

## **UNIVERSITY HEALTH SERVICE—VERMILION HALL**

The University Health Service is located in Vermilion Hall. The University physician is on campus from 9:00 a.m. to 2:00 p.m., Monday through Friday of each week when classes are in session. The services of a psychiatrist are available by

appointment through the Counseling Office. The nurse is on duty Monday through Friday, 8:00 a.m. to 4:00 p.m.

Consultation service, with no limit as to the number of visits, is available without charge for all students. Services include physical examinations, care of illnesses and injuries, immunizations, laboratory tests, physiotherapy which includes diathermy, some medication and free ambulance service from UMD to local hospitals. House calls will be made at any time in case of emergency. For such calls a standard fee will be charged. Commonly used medications and drugs are available on a cost basis when prescribed through the Health Service.

## **CAMPUS POLICE-119 LIBRARY**

### **PARKING**

Automobiles driven by or for students are to be parked in areas provided for permit parking and on streets adjacent to the University campuses so as not to be in violation of city parking restrictions.

Areas reserved for faculty and administrative parking are restricted for the hours of the normal school day (8:00 a.m. to 5:00 p.m.) unless otherwise designated. Students who are physically handicapped or whose work on behalf of the University demands reserved parking privileges, should apply to the Parking Committee for a permit.

### **PENALTIES FOR PARKING AND TRAFFIC VIOLATION**

Municipal parking and traffic tickets are issued to persons violating posted parking and traffic regulations. Excessive violation of parking regulations will lead to referral to the Committee on Student Behavior.

### PERMIT PARKING REGULATIONS

The rapidly increasing number of student and staff members requiring parking space on campus and the lack of funds for the construction and maintenance of such facilities combined over a period of several years to create an intolerable condition. In the Spring of 1960, the Parking and Transportation Committee, recognizing that any improvement must come from those benefiting, recommended to the administration that a parking fee be established. After consultation with representative student and faculty groups, the administration established a system of paid parking.

Effective at the beginning of the Fall Quarter, 1960, all students, faculty members, and employees parking a motor propelled vehicle on campus streets or in parking lots are required to purchase a parking permit sticker and to display this permit on the reverse side of the rear view mirror so that it can be easily seen through the windshield. Failure to display the permit in the proper location will be ample reason for tagging by University police. The cost of the permit is \$3.00 per quarter or any part thereof through the regular three-quarter academic year and \$1.50 for one or both of the Summer Sessions; however, those having purchased permits for one of the regular three quarters will be permitted to continue

to park through the summer at no additional cost.

Three kinds of permits, each priced at \$3.00 per quarter (or \$1.50 for Summer Session) are sold:

1. "RESIDENCE HALL" permits for students living on Campus who wish to park in the residence hall lot.
2. "RESERVED AREA" permits for faculty members and other eligible staff members.
3. "GENERAL PARKING" permits will permit parking in any legitimate parking area not designated as reserved, except in metered zones or in the residence hall lot.

#### **REGISTRATION FOR PARKING PERMITS:**

"General Parking" and "Reserved Parking" permits are sold at the Business Office, 101 Kirby Student Center. "Residence Hall Permits" are sold by the Residence Hall counselor in each of the residence halls.

**CAR POOLS AND TWO-CAR OWNERS:** Those participating in car pools and those who drive different cars to the Campus may arrange at the Business Office for a car pool, transferable permit and obtain instructions for its use. Transferable permits are purchased and used at the purchaser's risk and should be kept in a safe location when not in use. Cars should be locked when the permit is displayed as no refund will be given and no free replacement made for stolen permits. Stolen permits should be reported to the Business Office immediately so that an effort may be made

to recover them through the registration number. Failure to display the transferable permit in the proper location will be ample reason for tagging by University police.

Parking meters have been provided on all campus drives, in convenient locations to provide parking space for visitors, and for students and staff who do not regularly park on the campus and have not, therefore, purchased a permit.

### **SPEECH AND HEARING CLINIC— 130 HUMANITIES**

Since effective speaking and listening are essential to college success, the UMD Speech and Hearing Clinic screens all new students for speech and hearing defects. The clinic also offers diagnosis, consultation and remedial help for speech and hearing defects.

### **COLLEGE READING SKILLS PROGRAM— 234 EDUCATION BUILDING**

A reading skills laboratory is available to students who wish to improve their reading efficiency. Students who desire to avail themselves of this service are encouraged to enroll at the beginning of the quarter in order to derive maximum benefit. The schedule of reading classes is published in the *Statesman* at the beginning of each quarter. Registration for the Reading Skills Program takes place in Education 228.

### **LIBRARY**

The Duluth Campus Library has a rapidly growing collection which now exceeds 115,000

volumes. More than 1,500 magazines, newspapers and other serials, both foreign and domestic, are received currently. As part of the University of Minnesota, the Library has access to resources which total over 2,500,000 volumes and is a partner in the Center for Research Libraries.

The Library Building is new, modern and spacious. The first floor has the Reserve Reading

Room, an auxiliary study hall and the Late-Hour Study Room which remains open until 1:00 a.m. every night. Also on the first floor is the Children's Library, a model school library with 9,000 volumes; and the Teaching Materials Library with 12,000 school texts, courses of study, teaching manuals and other instructional materials. On the second or main floor are the card catalogue, circulation desk, reference and periodical collections, and the periodical abstracts and indexes. Also,

on the second floor are facilities for viewing microfilm and listening to recordings. The major book collection is located on open stacks on the third floor. There are lounge areas and group study areas on each floor. Carrels and study tables are interspersed with bookstacks throughout the building providing easy access to books and ample space for study. Branch libraries include departmental collections in Biology, Chemistry, Geology and Physics.

The Library collections are built around the curricular offerings and are broad enough to encourage individual study and recreational reading. All United States depository documents are received on microprint. There is a collection of non-musical recordings including poetry, plays, speeches, etc. Photoduplication services are available for a nominal fee. A competent professional staff is on hand to help interpret the collections and to give bibliographic and reference assistance.

## **LIBRARY HOURS AND REGULATIONS**

The Library is open seven days per week when classes are in session. The hours are posted in the Library and vary slightly from quarter to quarter.

The regular loan period is three weeks; periodicals may be borrowed for overnight, to be returned the next school day. Ask at any library service desk for a guide sheet to the Library collections and to the loan procedures and regulations.

## **NEWS SERVICE—COMMUNICATIONS CENTER**

News releases and other information material about the Duluth campus are sent from the News Service office. Student organizations planning events warranting publicity may work through the News Service.

## **PRINTING AND GRAPHIC ARTS— 121 INDUSTRIAL EDUCATION**

The printing department offers planning service for all University printing needs as well as art, layout and production of brochures and other direct mail. To fulfill these needs the printing department offers a production shop and teaching laboratory with the emphasis on offset lithography.

## **UNIVERSITY BOOKSTORE—175 KIRBY STUDENT CENTER**

The UMD Bookstore carries a complete line of textbooks, art supplies, paperbacks and books for leisure time reading, course supplies, writing paper and miscellaneous supplies. The Bookstore is located between the Student Center and the Library.

Hours: 8:00 a.m. to 5:00 p.m., Weekdays—except holidays.

# Kirby Student Center

You will find Kirby Student Center mentioned many times in this handbook, and you will hear references to it constantly. "Meet you after class in Kirby," or "Buy you a cup of coffee in Kirby," are common expressions. Kirby is without a question the "hub," the "hearthstone" and "living room" of our campus community.

More than a building, a service center and a center of activities, Kirby Student Center is a symbol of the generosity and cooperation which have produced the Duluth campus of the University.

After the University administration and the Regents gave it an early priority in development, the center became a reality through the financial support of the Minnesota legislature, the St. Louis County Board of County Commissioners, and numerous civic and private gifts, most notably through the gift of \$440,000 from the late Stephen R. Kirby, Duluth and Iron Range pioneer in industry, business and finance. "Our youth are our richest asset" is the quotation from Mr. Kirby which expresses the basis for his major contribution. He considered it to be also a "repayment" for the countless memories of his life associated with "rich experience in the beautiful northwoods wilderness," and with his business associates and fellow residents.

## KIRBY INFORMATION DESK

All activities in Kirby are based around the Information Desk. The desk is centrally located in Kirby and gives pertinent information to any of your needs or questions.

The desk is attended by pleasant and reliable people who are willing to give you: stamps, a room for a meeting, the mail for your organization, poster and banner requisitions, bulletins, class schedules, tournament dates, lost and found, campus address book, announcements to be made, games to play and various other forms of information to aid the bewildered passer-by. Every student activity is centered at Kirby Desk; so you can be sure that the staff at the desk will know the information that you request.

## GAME ROOMS

Kirby houses a variety of recreational facilities: billiards, ping-pong, chess, checkers, cribbage and scrabble, are just a few of the many

games available at the Kirby Information Desk. Along with these games there are a variety of tournaments, such as bridge, chess, billiards and table tennis sponsored throughout the year. Students are eligible for regional and national competition through participation in our local tournaments.

## **TERRACE**

The Terrace is the "Patio of Kirby." Outdoor picnics, barbeques and people getting tan while soaking up a little English Literature is not an uncommon sight to behold on the Terrace.

## **THE BULL PUB**

A college education is far more than memorization and tests; it is also the learning of social skills and communicating with friends. It is because of this that the University provided an area such as the Bull Pub for leisure activity.

The Bull Pub is the most recent addition to UMD's campus and has an atmosphere similar to Old England through its exposed woodbeams and captain's tables and chairs. The Bull Pub also includes snack bar facilities, live entertainment, and even a fireplace for cozy winter chats. Since its opening in December, 1967, the Bull Pub has lived up to its great expectations; to provide the campus with weekend entertainment and a variety of programs during the week.

### **KIRBY FINE ARTS LOUNGE**

Kirby Fine Arts Lounge is the place to go if you are in the mood for classical music, jazz, poetry reading, or Bill Cosby. The Fine Arts Lounge has a relaxing atmosphere that is always welcome after a tiring day. It is located to the left of the main Kirby Lounge.

### **MEETING ROOMS**

Kirby Student Center is the focal point of all school organizations ranging from Kirby Program Board, Student Association, religious organizations, sororities and fraternities. Kirby has a variety of meeting rooms and audio visual equipment to meet all organizational needs.

### **THE RAFTERS**

The Rafters is located just over the Bull Pub on the third floor of Kirby. It is open daily as a combination study and eating area. This facility, like the Bull Pub, features an Old English Atmosphere with juke box and space for dancing and chatting.

## **THE BALLROOM**

The Ballroom has a multipurpose: to provide a social center where dances and carnivals are held, as well as a location for many convocations, concerts and lectures. Special events such as Homecoming, Sno-Ball and Prom find the Ballroom atmosphere a conducive spot for imaginative decoration.

## **TV LOUNGE**

A TV lounge is located on the third floor of the Student Center. This area, featuring a color TV, is for student leisure time and relaxation.

*Cultural  
Educational  
Opportunities*

The University has provided for its students many opportunities to break away from the daily routine of the classroom. Along with sports, social facilities. Here, the students may relax and forget the tests of yesterday and the studies of tomorrow.

## TWEED GALLERY

Tweed Gallery has regularly changing exhibits throughout the year. In the past years they have ranged from psychedelic light shows to Picasso originals with everything imaginable in between. Their exhibitions, usually of national significance, are displayed in the main gallery and balcony. There are three other rooms in the gallery which provide varied displays. One of these is a reading room where the student may relax and enjoy a special collection of national gallery publications.

Hours: 7:45 a.m. to 4:30 p.m.—Mon.—Fri.

2:00 p.m. to 5:00 p.m.—Sat.—Sun.

The gallery is closed on all legal holidays.

## **KUMD-FM**

As the call letters imply, this is the campus's own radio station. They offer radio announcer training and experience in writing, news work, programming, directing, and acting. The station is run primarily by the students.

KUMD's programs contain a variety of jazz, folk music, and classical music. Broadcasting hours are from 4:00 to 11:00 p.m. Monday through Friday and 1:00 to 11:00 p.m. on Saturday. KUMD is on the air during all Christmas, Easter and summer vacations.

## **UNIVERSITY THEATER**

During the school year the University Theater holds three major plays or musicals. Students are encouraged to participate in the acting and producing. To help acquaint students with the theater,

Alpha Psi Omega (national drama fraternity) presents on-going programs to the campus.

Productions are usually held at Old Main and admission is often free to I.D. card holders.

## **ALWORTH PLANETARIUM**

Each month the Alworth Planetarium has a different topic for its show. The subjects include planets, sun, stars, etc. and give a basic description of each.

The Darling Observatory, located at 910 West Third Street, has an excellent telescope for students to view astronomical bodies at night.

**Alworth Planetarium Shows:**

Sundays 2:00 and 3:00 p.m.

Mondays 7:30 p.m.

Wednesdays 7:30 p.m.

**Darling Observatory Open:**

Tues. and Thurs.—7:30 p.m. or darkness

## **CONVOCATIONS AND LECTURES**

Entertainment and the opportunity to extend knowledge and broaden interests, are afforded through lectures, concerts, and dramatic performances presented by students, faculty, and authorities well known in their specialized fields. In the past, the topics have included sex, drugs, racial problems, communism, politics and many other equally stimulating topics.

A committee of faculty and students make program selections; students suggestions are welcomed and may be channeled through the Student Association's Convocations Commissioner or representatives of the convocations committee.

## **CONCERTS**

Throughout the year, UMD offers various concerts in the ballroom. The charge, if any, is minimal and the quality is generally superb. Posters

and articles are put up weeks in advance to advertise these events.

The UMD band, orchestra, and choir put on various concerts and recitals throughout the year.

On occasion the faculty from the Music Department present recitals.

## **STUDENT PUBLICATIONS**

There are three major student publications at UMD which provide students an opportunity to exercise their interest in journalism. Writing ability is not necessary to work on the staff of these publications. The UMD Statesman, our campus newspaper, is published weekly. The UMD Humanist, our literary magazine, is published quarterly, and the UMD Chronicle, our yearbook, begins its work in the fall for publication Spring quarter.

UMD Statesman—25 Education

UMD Chronicle—162 Library

UMD Humanist—212 Humanities

# *Student Life*

## **A DEFINITION**

Organized student life refers to the activities and programs sponsored and conducted by recognized student organizations. Activities in the broadest sense include anything students do outside of the classroom.

These activities range from wading the trout streams of the North Shore of Lake Superior, canoeing in the wilderness of the Superior National Forest to joining with thousands of fellow students and townspeople in cheering UMD athletics teams to victory.

There are more than 80 recognized student organizations at UMD. In addition, there are opportunities for individual out-of-class activity in such groups as the University Theater, University Band, Orchestra or chorus, radio station KUMD, publications or forensics and debate.

## **WHAT'S IN IT FOR YOU?**

Meeting with committees, helping finance groups, or serving as a leader to work better with other people.

There is no guarantee that it will pay off in dollars or cents, but a ability to get along with others is important in life.

Employers often seek graduates with experience in student organizations. The employers know that human relations and personal adjustment must be considered in work as well as an employee's technical skill and professional knowledge.

Some student activities provide direct training for future jobs. Being business manager or editor of UMD's Statesman, for instance, provides invaluable training of a kind closely approximating the demands of financing and editing a newspaper.

Experience in announcing or electronics with KUMD-FM, the campus radio station, has direct application for future employment in radio and television.

Student activities are important. They are a recognized part of the educational opportunities at the University of Minnesota. Students are encouraged to participate actively for benefits gained only through non-classroom experiences.

In activities you will most surely make new friends, broaden your knowledge and develop ability to deal effectively with other persons. In some you will enrich your sense of values; in others you will develop new skills or find opportunities to express your unique talents and abilities.

Yes, out-of-class activities also furnish the fun and relaxation which are needed for the hours of class work, books, and studies.

## **BALANCING ACT**

The age-old question of how much time can or should be given to activities other than those associated with class work, can only be answered finally by the students themselves. There never need be any conflict between student activities and studies if your time is well organized.

Many student activities are direct supplements to classroom experiences. Special lectures,

student-faculty coffee hours, and groups like departmental clubs are a few examples of activities that will tie in closely with your studies.

If you don't trust your own judgment or you need help in striking the proper balance, consult your faculty advisor, student activities advisor, or a counselor.

## **MEMBERSHIP**

Any regularly enrolled student is eligible for membership in a student organization subject only to the requirements for membership established by the various organizations.

## **STUDENT ASSOCIATION—119 KIRBY STUDENT CENTER**

Student Association, better known as S.A., is the student governing body of UMD. It is a highly organized system run by the students themselves. Its cabinet consists of the president, treasurer, secretary, and four vice presidents. The vice presidents are in charge of Academic Affairs, Campus Affairs, Campus and Community Affairs, and National and International Affairs.

The Committee for Academic Affairs is in charge of curriculum and student representation on faculty committees.

Campus Affairs is in charge of Prom, Sno-Week, athletics, cheerleaders, book exchange, orientation, and other affairs concerned with student life.

Campus and Community Relations deals primarily with public relations for S.A. and the Duluth community.

National and International Affairs concerns itself with SOS Week, student foreign travel, convocations and lectures.

Students are invited and encouraged to attend the S.A. assembly meetings which are usually held on Tuesday nights at 7:00 p.m. Anyone interested in working on S.A. should contact a representative.

## **KIRBY PROGRAM BOARD—117 KIRBY STUDENT CENTER**

Kirby Program Board represents student interest in programing for Kirby Student Center. There is a staff behind the scenes that provides recreational, social and cultural programs for the students. The board is made up of ten student directors who plan policy and facilitate student ideas for the student center. Interested students are invited to stop at Kirby Information Desk for more information. Kirby Program Board consists of these major areas:

**Personnel:** The Personnel Committee is concerned with staffing other committees in order to carry out programs and plans.

**Public Relations:** The Public Relations Committee handles all posters and other publicity.

**Social:** Dances, movies and Bull Pub entertainment are only a few "happenings" planned by this committee. The main concern here is providing the students with an active fun-filled year.

**Recreation:** It is the job of the Recreation Committee to provide activities suitable to indoor leisure time. They all are fun and an enjoyable way to show off your special talents.

**Special Events:** The Special Events Committee plans events such as the Kirby Birthday Party, College Bowl and at Christmas time, a Trim-a-Limb Party.

**Fine Arts:** The Fine Arts Committee provides the cultural aspects of UMD's Kirby Student Center—such as art exhibits, poetry readings, music listening and special films.

### **COUNCIL OF STUDENT RELIGIOUS ORGANIZATIONS—113 LIBRARY**

Religion is not illegal, out-dated or anti-social at UMD. The various organizations provide worthwhile community projects, retreats, national conventions, as well as involvement in UMD's homecomings, plays, contests, and other functions. The religious organizations offer you many friends through their membership and their advisors.

The organizations such as Wesley offer their coffee house and entertainment for your pleasure on Friday evenings; so keep the SPOUT in mind. Their program offers interesting Thursday meetings which include dinner and worship.

Organizations such as Newman (Catholic) or LSA (Lutheran Student Association) offer weekly services. Their varied programs offer insights into racial and political issues as well as fun. They are active in community projects too.

Gamma Delta (Missouri Synod Lutheran) sponsor tours of local establishments. Intervarsity (Interdenominational) sponsors bible studies, discussions on and off campus as well as skating and hayride parties. They are active in school functions as their trophies show.

The Christian Scientists sponsor meetings and services on campus. The United Campus Christian Fellowship sponsors discussions, trips to Minneapolis and varied other events. The Greek Orthodox and Jewish organizations (Hillel) have meetings and also offer services for students and faculty. Canterbury (Episcopalian) have dinner meetings on campus. Student Religious Liberals and the Wesley Foundation contribute toward open discussion on issues of the day.

You are cordially invited to attend the functions of each organization. If you would like counseling, the Religious Office in Library 117 is open to you. Each organization has an allotted time. Do feel free to stop in and meet the advisors.

## RESIDENCE HALLS

Griggs Hall is the newest of the halls constructed, with eight three-story sections called houses. There are 52 spaces per house, all rooms being doubles with the exception of three triple rooms in each house. The facilities provided include two lounges shared by each pair of houses and centrally located are two large study rooms—a lounge and post office.

Burntside Hall is made up of eight separate units connected by a common corridor. It houses 120 students. Each unit contains six double rooms and a bathroom.

Vermilion Hall, which houses 56 students, is made up of separate units connected by a common corridor. Each unit contains two single rooms and three double rooms and a bathroom.

Torrance Hall is located on the lower campus and houses 75 students. The inter-campus bus provides transportation to the upper campus. Residents take their meals with other hall residents in the cafeteria.

Furnishings in all residence halls include bedding, lamps, drapes, desks, dressers, tables, and chairs. A television, laundry, and kitchen unit are provided in each hall. Senior Residence Counselors and Residence Assistants are carefully selected and trained each year for the help and guidance of students living in the residence halls.

The students living in the residence halls make up the on-campus population. They will find

the closeness of Kirby Student Center and other buildings a distinct advantage.

Residence halls self-govern themselves through representation on the Inter Residence Hall Council. Participation will do much toward the development of social activities for residents.

## **SPECIAL INTEREST AND DEPARTMENTAL CLUBS**

There are over 50 various organizations and clubs available to the UMD students. The incoming Freshmen can concentrate their efforts toward special interest clubs such as Barker's Club, Project Aware, International Club, Ranger's Club, and many others.

Each department at UMD has its own club, such as Accounting Club, Biology Club, etc. Usually Sophomores and Juniors join these, but they are open to Freshmen.

Students are encouraged to join these organizations. Posters are usually put up days in advance advertising the meeting dates. Information about any particular organization can be obtained at Kirby Desk.

## **RECOGNITION AND HONORARY**

University Bands  
University Chamber Choir  
University Chorale  
University Concert Choir  
University Debate & Forensics  
University Opera  
University Orchestra  
University Theater

## **SOCIAL SORORITIES**

UMD's four social sororities stress identical concepts upon which they are formed. These concepts are the four "S"'s: Service (both to school and the community); Scholarship; Social; and above all, Sisterhood.

The four local sororities at UMD are governed by the Panhellenic Council, made up of four members from each sorority. The sorority participates in all the functions and activities of UMD, whether they be Homecoming, Sno-Week, or SOS Week. Many active sorority members belong to such governing bodies as Student Association and Kirby Program Board.

At the beginning of each fall quarter, teas and punch parties are given by Panhel with all sorority members represented to answer questions and acquaint new college women to sorority life at UMD. The normal rushing period is held during Winter quarter, and all college women, regardless of race, color, creed, or nationality, are invited to participate.

The four social sororities are:

Delta Chi Omega  
Gamma Omicron Beta  
Sigma Phi Kappa  
Sigma Psi Gamma

## **SOCIAL FRATERNITIES**

UMD has five social fraternities, each one formally organized with common goals. Primarily, these fraternities are organized to further the social aspects of student life. However, there are many other aspects of equal importance, to fraternity life; among these are, brotherhood, scholarship, citizenship, and active participation in student organizations.

These fraternities have membership drives called formal rushes. During these rushes, students are invited to attend each event, after which the actual pledging of a fraternity begins. The pledges of the fraternity are required to meet certain obligations set forth by the fraternity they are pledging. This pledge period lasts about six weeks. At the end of this period, each pledge is formally initiated into the fraternity system as an active member.

The five social fraternities at UMD are:

- Alpha Nu Omega
- Beta Phi Kappa
- Gamma Theta Phi
- Phi Beta Chi
- Sigma Tau Kappa

## **SERVICE ORGANIZATIONS**

There are three organizations at UMD in which the primary purpose is service to others; these are Alpha Phi Omega, national service fraternity; Gamma Sigma Sigma, national service sorority; and Project Aware, an organization which

helps underprivileged children in order to motivate them toward independent achievement. The projects and aims of these organizations give expression to the concept of citizenship as a helping attitude toward others.

## **GROUPS FOR FRESHMEN**

As a Freshman at UMD you are a very special person and as such have two organizations set up especially for you. The Freshman Council, the chief governing body of the Freshman Class; and the Barker's Club, the Freshman Pep Club; provides you, as a newcomer here at UMD, an introduction to campus life through various activities and information sessions.

Designed to acquaint the Freshman with student government activities, the Freshman Council acts as a Student Association in miniature for

the sole purpose of expressing the wishes and opinions and interpreting policies for the Freshman.

The Barker's Club was originally designed as a booster club for pep rallies and a cheering section for athletic events. The UMD Barker's Club has become the parent of all the class M-Club athletic boosters, and the activity arm of the Freshman Class. Together, in joint meetings with the Freshman Council, these organizations form the Freshman Association whose chief responsibility it is to see that the Freshman class as a whole is represented in the all-school activities such as Homecoming and Sno-Week.

You are someone special. Your organizations are something special. As a Freshman you have an obligation to your class and a tradition to uphold.

# *Athletics*

## **ATHLETICS, SPORTS**

A major portion of students on the UMD campus are concerned with sports—both extramural and intramural. The some 200 men who participate in the varsity athletic program are but a small portion of the students who come into contact with extra-curricular sport activity on the Duluth campus. Very few students failed to see either a football, basketball or hockey game last year, and many saw all three activities.

For those who would just as soon participate, the men's intramural program is available. Over 500 men participated in such diverse sport activity as touch football, volleyball, basketball, swimming, track, and fast and slow pitch softball. The women's area is not as extensive, but has progressed in areas such as track, volleyball and basketball.

## **ADMISSION TO SPORTING EVENTS AND THE TICKET EXCHANGE**

Students are admitted free to all home football and basketball games upon presentation at the door of their current quarter activity card.

To obtain tickets for home hockey games, students must secure exchange tickets. These are available at Kirby Desk on the last school day before each game. Exchange tickets are free to students upon presentation of their current quarter activity card and are the student's admission for the hockey game.

## **VARSITY FOOTBALL**

The traditional "big" university and college sport has found new life on the UMD campus after a few years of student disinterest. The Bulldogs rolled up a 7-1-1 record last year and Coach Jim Malosky foresees equal success in the future. The development of the Bulldogs' "home" at Griggs Field on the campus has done much to aid student attendance and team morale.

## **VARSITY HOCKEY**

Perhaps the most exciting of varsity sports, hockey, is fast becoming "the" sport at UMD. The last few years have been ones of great progress for the UMD Hockey Team as the Bulldogs have "grown up" and become members in the Western Collegiate Hockey Association; the "major league" of college hockey. New Head Coach, Bill

Selman, expects a fine season from a Bulldog team which, despite its 5-24 record, beat his own fine North Dakota Sioux team last year. The Bulldogs play their home games at the Duluth arena, a 7000-seat complex which is the finest in the WCHA.

## **VARSITY BASKETBALL**

Another sport which has seen a revival in student interest in the last few years has been our Basketball program. Last year the Bulldogs spent most of the season in the thick of the MIAC title race and beat every team in the conference. Coach, Norm Olson, has been highly successful in recruiting local talent and should have a strong team for years to come.

Other varsity sports include cross-country, swimming, track, golf and tennis. The Bulldogs compete in the MIAC in each of these sports and, last year, hosted the conference swim meet. Numerous events are held on the UMD campus each season and have created much interest for the student body.

## UMD BASKETBALL SCHEDULE 1968-1969

Nov. 26	Freshmen	Home
Dec. 3	Eau Claire	Away
Dec. 5	Hamline	Home
Dec. 13	Alumni	Home

Feb. 24	St. John's	Away

# *Student Regulations*

**UMD**  
**PARKING LOT C**

**PARKING BY OFFICIAL**  
**PERMIT ONLY!**

- CAREFULLY CENTER CAR  
ON ROW MARKERS
- OBSERVE RESTRICTED AREAS
- DO NOT BLOCK DRIVING LANES

# *Introduction*

Any organization of persons designed to further common objectives or goals inevitably requires the establishment of a minimum set of rules governing the association. This is true in groups as small as committees and in organizations as large as the United Nations.

As an institution of the state, this University has certain governing regulations. Apart from its legal, institutional character, however, the University is also a community of students and faculty. It is in this latter context that most of UMD regulations find their meaning. These regulations enable us to live together with a minimum of friction and offer maximum protection for the rights of others.

There is no pretense of defining how one should or should not behave in every given situation. In part, the relatively small number of regulations reflects the youth of the University of Minnesota, Duluth, because rules grow from incidents which in turn prompt a "spelling out" of community expectations to prevent a similar recurrence. Basically, however, it is the conscious intent of the University to put its faith in the assumption that the standards of conduct becoming ladies and gentlemen are understood by each of us, and that it is unnecessary to list all of them.

The Student Behavior Committee will provide students with a brochure describing each regulation and how it affects you.

## **ACTIVITY AND STUDENT IDENTIFICATION CARDS**

Each student upon completion of quarterly registration and payment of incidental fees is given an Activity Card which, coupled with his permanent Student Identification card, is his identification for admittance to athletic events, UMD theater productions, social events, voting in school elections, use of game equipment in the Kirby Student Center, and other specified activities demanding the verification of student status. This card is non-transferable and must be presented with the photo I.D. card. Loss of this card should be reported immediately to the Business Office.

## **ADVERTISING ON CAMPUS**

### **COMMERCIAL ADVERTISING**

Commercial advertising is not permitted in any form except through paid advertisements in the *UMD Statesman*, the student newspaper, or other student publications.

### **CAMPUS SALES AND SOLICITATIONS**

All sales and solicitations to be conducted on the campus must be approved by the office of the Coordinator of Student Activities. Campus sales, such as candy and bake sales, shall be generally restricted to the Kirby Student Center. Solicitations of students to raise money for charitable purposes must be approved by the UMD Student Association.

## **POSTERS AND DISPLAYS**

Recognized student organizations and departments may post promotional and informational materials on bulletin boards provided. All student organization posters must be stamped as approved for posting at the Kirby Information Desk. Organizations may not post on divisional or departmental bulletin boards without the express approval of the responsible division or department. Posters for display on campus may not exceed 14 x 22 inches without special permission.

Exceptions to the above rules for "Burma Shave" type signs, mobile displays, etc. must be specifically approved by the Coordinator of Student Activities. Bookstore window display space is arranged for through the Student Activities Office, Kirby Information Desk.

## **POSTER DISPLAYS OF NON-UNIVERSITY ORGANIZATIONS**

Posters and other printed material of non-University organizations will be approved for posting only if the event is of an apparent educational or cultural interest to the student body and if it is non-commercial, or offers special consideration for students. Clearance is through the Coordinator of Student Activities.

## **ALCOHOLIC BEVERAGES**

Possession or consumption of alcoholic beverages, including beer, is not permitted on the campus, in any University building, student residence, or in the room in which a student social function is being held. Student living quarters on

trips sponsored or approved by the University become an extension of the student's residence and are included in these regulations.

Alcoholic beverages are not to be taken to any affair sponsored by a student organization, nor shall there be any facilities for the serving of these beverages at any function of a student organization.

Misconduct in connection with drinking, whether off-campus or at unscheduled social occasions, will result in disciplinary action for the student(s) involved.

The above regulations have their foundations in the Statutes of the State of Minnesota. These Statutes, in general, refer to the places where sale is forbidden, including all campuses, and restrictions to whom sale is permitted. Sale of liquor by minors is specifically contrary to law. Providing alcoholic beverages to a person under 21 is a criminal offense.

## **FIREARMS**

Firearms are not permitted on the campus or in University residences.

## **GAMBLING AND RAFFLES**

Gambling in any form is not permitted on the campus, in any University building or student residence, or at any affair sponsored by a student organization. Students are warned that raffles, lotteries, etc. are prohibited by state and municipal laws, and offenders are subject to heavy fines and penalties.

## **RESPONSIBILITY OF STUDENT ORGANIZATIONS**

Acting in the belief that the governing of student affairs should at all times be as close to the governed as possible, each student organization shall be responsible for the individual and collective conduct of its members and guests in all of its group sponsored activities and functions. This responsibility shall be exercised on behalf of the organization by the appropriate elected officers of each group.

## **EXTENSION OF THE GENERAL POLICY TO COVER ALL SCHOOL SOCIAL EVENTS**

The following "spelling out" of regulations and responsibilities of student organizations for social events follows naturally, in the opinion of the Student Affairs and Student Behavior committees, from the general policy on student organization responsibility.

### **1. Alcoholic Beverages and Drinking**

The possession and/or consumption of alcoholic beverages on University property is expressly forbidden by state law. Further, alcoholic beverages may not be taken to any affair sponsored by a student organization on or off the campus. See Regulations.

### **2. Conduct Unbecoming a Student**

This is a general description covering a wide variety of inappropriate behavior. There need be no cause for concern about vagueness in this instance. It clearly embraces drunkenness, abusive behavior toward others, vandalism and destruc-

tiveness or any other behavior which infringes upon the rights of others as conduct unbecoming to a student.

### **3. Sponsoring Student Organization Responsibilities**

It is expected, in keeping with the general policy statement above, that the sponsoring student organization will take explicit cognizance of its responsibility for the conduct of its members and all others in attendance at a function existing under its sponsorship. Non-members are considered to be guests.

It is expected that the organization officers will impress upon all members prior to the event that the organization will be responsible. If there is damage and the organization cannot or will not fix the responsibility upon the person(s) responsible, the organization will bear the cost. If there is drinking, disorderly behavior, etc. during the function and no evidence that the sponsoring organization attempted any restraining action through officers or members, the organization will be held responsible by the Student Affairs Committee and disciplinary action will be taken.

### **4. Actions Appropriate for Sponsoring Student Organizations**

It is not the intent of this statement to cause student organizations to assume a police role in the extreme sense. It does, however, expect the sponsoring organization to recognize problem situations and to deal with them in appropriate ways.

For example: If any member of the sponsoring organization is witness to drunken behavior

or other misconduct he should (1) speak to the offending person(s) or request friends of the offending person(s) to aid in curbing the offensive conduct, or (2) feeling incompetent to deal with the problem himself, report the situation to an organization officer, a chaperon or a police officer.

Police officers will not patrol the specific areas assigned to the function, i.e. ballroom, gym floor, etc. For major events on or off the campus an officer will be available on call, however, and he will police the areas not under the direct supervision of the sponsoring organization (halls, wash rooms, check rooms, parking areas, entry points). When police action is taken in the areas under the direct supervision of the organization it will be on request of the sponsoring organization through a member, an officer or chaperon, unless the situation is such that the officer cannot help but be aware of it independent of the organization and its personnel.

All possible situations or actions cannot be encompassed in any policy. It is hoped that this rather detailed statement will, however, clarify the expectations of the University with respect to student organization responsibility.

The faculty committees responsible for this statement extending the basic policy on student organization responsibility believe that if the student body wants pleasant, well organized and well mannered social functions and means to insure that they have them, those few individuals lacking maturity and self-control will either learn

to exercise self-control or will avoid the school functions. Either action will insure the general success of social events.

## **UNIVERSITY COMMITTEES**

Much of the work concerning student regulations is handled in University Committees, many of which are Student-Faculty Committees. These joint committees of faculty and students provide a place where existing policies of the University can be discussed and interpreted and where new policies are formulated to meet new needs of an ever changing University. Student members of these committees are chosen during Spring quarter for service the following academic year.

The University committees are:

- Academic Appeals Committee\*
- Administrative Committee
- Advisement Committee\*
- Athletic Committee\*
- Association in Arts Degree Program\*
- Awards and Honors Committee\*
- Board of Publications\*
- Campus Safety & Civil Defense Com.\*
- Commencement Committee\*
- Convocations Committee\*
- Curriculum Committee\*
- Faculty Social Committee
- Faculty Welfare Committee
- Foreign Students Committee\*
- Grading Committee\*
- Honors Program\*
- Kirby Student Center Policy Com.\*
- Library Committee\*

## FALL QUARTER, 1968

Aug. 26-Sept. 13		Orientation & Registration for Freshmen
Sept. 2	Mon.	Labor Day, holiday
15	Sun.	Parents' Day
15-17		Freshmen Camp
18-22		Welcome Week
20	Fri.	Last day for registration & fee payment
23	Mon.	Fall Quarter classes begin
Oct. 12	Sat.	Columbus Day, holiday
20-26		Homecoming Week
26	Sat.	Homecoming football game and dance
Nov. 11	Mon.	Veterans Day, holiday
21	Thurs.	Registration for Winter Quarter
Nov. 28-Dec. 1		Thanksgiving weekend, classes excused
Dec. 6	Fri.	Study Day
7-13		Final Examinations
14	Sat.	Fall Quarter closes

## WINTER QUARTER, 1969

Dec.	25	Wed.	Christmas Day, holiday
	26	Thurs.	Winter Quarter fees due for students in resi- dence Fall Quarter
Jan.	1	Wed.	New Year's Day, holi- day
	3	Fri.	Winter Quarter classes begin
Feb.	9-15		Sno Week
	12	Wed.	Lincoln's Birthday, holiday
	15	Sat.	Sno Ball
	22	Sat.	Washington's Birthday, holiday
Feb.	23-Mar. 1		University of Minne- sota Week
	27	Thurs.	Registration for Spring Quarter
Mar.	4	Tues.	All School Nominating Convention
	7	Fri.	Study Day
	8-14		Final Examinations
	13	Thurs.	Spring Quarter fees due for students in resi- dence Winter Quarter
	15	Sat.	Winter Quarter closes

## SPRING QUARTER, 1969

Mar.	24	Mon.	Spring Quarter classes begin
Apr.	4-6		Easter Weekend, classes excused
	7-9		All School Elections
	20-26		SOS Week
	26	Sat.	Grub Dance
May	17	Sat.	Prom
	20	Tues.	Registration for Fall Quarter, 1969
	21	Wed.	Cap and Gown Day
	30		Study Day, Memorial Day, holiday
May	31-June 6		Final Examinations
June	1	Sun.	Baccalaureate Service
	6	Fri.	Commencement
	7	Sat.	Spring Quarter closes

### **FIRST SUMMER SESSION, 1969**

June	16	Mon.	Registration for first term
	17	Tues.	First term classes begin
July	4	Fri.	Independence Day, holiday
	18	Fri.	Classes end
	19	Sat.	First term closes

### **SECOND SUMMER SESSION, 1969**

July	21	Mon.	Registration for second term
	22	Tues.	Second term classes begin
Aug.	22	Fri.	Classes end
	23	Sat.	Second term closes
